

Machine: Cut to length line 1600/0.5 - 3 with flying shear
(left - right)

TECHNICAL DESCRIPTION

Material	: Steel - cold rolled steel - galvanized - stainless steel - coated - Aluminum
Material resistance	: 510 N / mm ² : 400 N / mm ²
Max strip width	: 1600 mm
Min strip width	: 500 mm
Min strip thickness	: 0,5 mm
Max strip thickness	: 3 mm
Max coil weight	: 15.000 kg
Coil inside diameter	: 508 / 610 mm
Coil outside diameter max	: 1800 mm
Working speed	: 0 / 60 m / min
Working direction	: left - right
Cutting tolerance	: +/- 0.25 mm
Max lenght (with supports)	: 6000 mm
Min lenght	: 500 mm
Pack height max (with pallet)	: 500 mm
Pack weight max	: 5000 kg
